### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

Claims 1-28 are distinguishable over the prior art. As per claims 1, 14 and 22, the prior art of record does not show or reasonably suggest, in combination with the other claimed subject matter, a vehicle code learning index comprising a plurality of possible data bus codes each having a respective common function portion for each different vehicle with a don't care condition specified for each user control device identity portion. The claimed invention is a modification of applicant's earlier patent (U.S. Patent No. 5,719,551) which enables one to identify a particular type of vehicle using data bus codes, regardless of the specific user control device (i.e., key fob) utilized during the learning process. Dependent claims 2-13, 15-21 and 23-28 are distinguishable for at least the same reasons.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The cited documents are of general interest.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael J. Zanelli whose telephone number is (571) 272-6969. The examiner can normally be reached on Monday-Thursday 8:30 AM - 3:00 PM.
